**The Adventures Of PEP The Dragon Continues  
In Glorious HD On The Apple iPad®**

Highly Acclaimed Platform Game Offers Classic Cartoony Fun

PEP The Dragon was originally released for the Apple iPhone® & Apple iPod touch®, and independent developer Pepworks has just completed work on the HD version of the game giving fans of the genre, as well as new players, the perfect opportunity to experience classic platform-gaming in glorious HD at its best!

In PEP The Dragon (HD), your task and mission is to rescue your faithful and trusted Unicorn friend, JOSY, from the evil clutches of PHOLON! The original version of the game featured highly intuitive and easy-to-use controls, enabling you to run, and tap to jump, as you explore the visually stunning magical worlds full of treasures and diamonds! The HD version of PEP The Dragon is no different; easy to pick-up-and-play, you will have endless hours of fun running around, jumping through, and exploring your way through 10 beautifully rendered cartoon environments. Throughout your adventure you have the option to collect and use a diverse number of magic spells such as ice line drawing, fireballs, rainbow rays, soap bubbles and a powerful magic guardian! Each of these magical spells will enhance your magic powers, and assist you in defeating the endless hordes of aggressive enemies!

The Apple iPhone® & Apple iPod touch® version of PEP The Dragon was originally featured by Apple, and quickly gathered a following of fans praising the fantastic gameplay. And the new Apple iPad® version is guaranteed to impress like its predecessor did with its stunning visuals and dual-scheme controls - Balance and Arcade. While the former mode allows you to control your dragon
